DOMINION DAY.

Twenty-Eighth Anniversary

Yesterday was the twenty-eighth anniversary of the Confederation of our fair Dominion. The day broke bright and fair, and at an unusually early hour a large maiority of our citizens were astir and completing preparations for the spending of the day. Though quite a number went out of town to spend the day elsewhere in pic-nicing, fishing, etc., still there was enough of us left behind to do the honors of the town and look after the entertaining of the multitude of visitors who came to spend the day amongst us and assist us in the celebration. At an early hour vehicles of all descriptions loaded down with visitors could be seen coming in from all directions, some in carriages, buckboards, waggons or carts, while a large number came in on horseback, as in our recollection we have never seen so many horses present on a similar occasion here. The first event of the day was a baseball match between Colleston and Prince Albert teams, which commenced about 10 o'clock and lasted till after 12:15 for which there was two prizes, a silver cup valued at $15 and goods to the amount of $5. The play throughout was very close, and at the end of the ninth innings the game stood 22 for each, consequently another innings had to be played, which resulted disastrously for the town players and the Colleston boys winning easily. The umpires were Messrs. Crawford and Way, and to the credit of the players as also to the fairness of the decisions, no "kicking" was indulged in. The following are the scores:—

About 1:30 p.m. a large crowd, numbering about 3,000, had assembled at the Driving Park, where the athletic sports, horse races, etc., were to take place. And a pretty sight it was with its hundreds of well dressed and handsome women and healthy and happy looking children surrounded by gallant men, all bent on a holiday frolic, besides a host of Indians and squaws decked out in their brightest colors, all of which went to make up a picture not easily forgotten. Numerous stands were on the grounds, where fruit and cooling drinks could be procured, not forgetting Joe the waterman, who had his cart loaded with ice cold lemonade instead of its usual cargo, and who did a thriving trade. The Prince Albert band was in attendance and did its full share in making the afternoon a pleasant one. It was a noticeable fact and commented on by many, that not a single case of drunkenness was seen on the grounds during the entire day. The committee deserve credit for the manner in which alll arrangements had been made and were carried out for each event, with the exception of not providing a tent or some suitable shelter for the gentleman who performed the arduous duties of taking entries However, we do not wish to find fault, as it was possibly an oversight. The first event on the programme was the

As there was no entries for the tug-of-war, the last event brought a very successful days sports to an end about 7 o'clock in the evening.

At eight o'clock there was a large gathering in the town hall, who had assembled thereby invitation of the ladies of the Christian Endeavor Society who had prepared an entertainment for the occasion. A number of the children of the town had been trained to sing several patriotic pieces suitable for the day, which they rendered in a manner creditable to both themselves and the ladies who had taught them. Vocal and instrumental solos and duets were rendered in a pleasing manner be several of the ladies and gentlemen present, and patriotic speeches were made by a number of the leading gentlemen of the town, all of which were heartily applauded.

The chair was occupied by His Worship Mayor Davis, who presided in his usual affable and happy manner, whil around him were seated on the platform the speakers of the evening, with the children ranged around the back part of the stage. After the Rev. Mr Rochester had made a few introductory remarks and called on Rev. Mr. Winter to make an opening prayer, the chairman proceeded with his programme as follows:—Selection by the band: song by the children, Canada; speech, J. L. Reid, M.L.A.,; piano duet; Misses Macdonald; speech, J. F. Betts, M.L.A.; vocal solo, Mrs. Rochester; speech, Rev. Father Vachon; song, Mr. Paul, (encored); selection by band; song by the children, "The Maple Leaf;" speech, Mr. Newlands; solo, Miss A. McGregor, (encored); piano duet, Misses Flanagan and A. Stewart; speech, Rev. Dr. Mackay; piano solo, Miss Flanagan; solo, Mr. Paul.

It was then moved by Mr. Betts and seconded by Rev. Father Vachon, that a vote of thanks be given the ladies of the Chrsstian Endeavor Society for thie trouble they had gone to in providing the entertainment, which was unanimously accorded. His Worship then called for three cheers for Canada, after which the singing of God Save the Queen by the entire audience brought a most successful evenings enjoyment to an end and allowed a large number of tired but highly satisfied people to seek a much needed rest.

Corp. Raven, Consts. Carter and Grosvenor deserve special credit for their attention to duty. The track was kept clear and the best of order maintained throughout the whole after noon.

The chairman of the sports committee has a saddle found on the grounds The owner can have same on application.

The Wild Flowers of Canada.

This Dominion will soon be covered with wild flowers as with a carpet. It is interesting to hear that splendid prizes are to be given to those who know the Wild Flowers of Canada by name, form and color. European and American judges of floral nature say Canadians should be so carried away with the beauty of their own native bloom as to ensure an acquaintance with the Wild Flowers of Canada by every man, woman, boy and girl in the Dominion.

In this connection the Montreal "Star" is coming in for much praise for a splendid work it is publishing, entitled "The Wild Flowers of Canada," in portfolio form, sixteen flowers in each portfolio, three hundred plates in all, natural colors and natural size, the whole forming an invaluable treasure for the library. For a limited time these valuable portfolios may be obtained from the Montreal "Star" or local newsdealers at fifteen cents each. Amazing cheap!

PRINCE ALBERT, JULY 2, 1895

The Dominion Government have at last come to the conclusion to let Manitoba alone in the matter of conducting her own educational affairs. This is about the best thing they could do because it is a purely provincial affair, and as it could not be proven that the Protestants had any undue advantage over their Roman Catholic fellow-citizens we cannot see the right the Dominion Government had to interfere. We are sorry that some of the provincial papers have taken the stand that the Roman Catholics are being deprived of a right, because we cannot admit that there is any cogent reason why the State should grant them privileges denied to the Protestants. When both parties are treated alike there should be no cause of complaint. We further cannot agree with the Archbishop of Rupert's Land in maintaining that religion should be taught in the public schools. We believe that an atheist, agnostic or any unbeliever in Divine revelation should be excluded from holding the office of teacher in any of the public school, yet it is no part of a teacher's duty to teach any dogma of religion. His business is to teach boys and girls to be rational and intelligent people, to furnish them with the necessary knowledge required in the affairs of this world. This is what he is paid for. The duty of instilling the grand truths of Divine revelation belong in the first place to the parents or guardians of the youth committed to their charge. "Take this child and bring it up for me," is a Divine command incumbent on every parent. This is to be supplemented by the Sunday school and church. This should engage the attention of those who take upon them to minister the Divine word to their fellow men "Feed my lambs, feed my sheep, is the Divine command and the minister or bishop who shirks his duty and tries to shift his responsibilities upon the shoulders of those who are engaged for a different purpose, is without excuse.

We have received the Prize List of the Territorial Exhibition to be held at Regina in the next month: It is well got up and profusely illustrated with a very good map of part of Manitoba, the Territories and British Columbia, as also a plan of the Exhibition grounds as well as a nicely colored illustration of the Exhibition buildings. All those go to show that the Exhibition will be a credit to the Northwest and also to those concerned in getting it up. We hope that this fair so auspiciously begun will be brought to a successful termination and that it will be the means of showing forth the capabilities of this important part of the Dominion of Canada: It may be said that Lieut. Governor MacIntosh has taken a new departure from the roll of Lieut. Governors in the Province of Manitoba or the Northwest, in that he has done or is doing his best to identify himself with the state over which he has been called to preside; and we do hope that both this Northwest and all connected with this Exhibition will benefit from the display of the products of this country The array of names in the prize list who are to be in charge of the several departments and the conducting of matters in general augers well for the success of the enterprise.

We had the pleasure, last Friday, paying a hurried visit to the public school of Prince Albert, on the occasion of the closing exercises before the holidays. Our first visit was of course to Principal Stull's room and were highly delighted with the evident progress made by the scholars in that department. The writing exercises were good and the specimens of map making were really excellent. We also paid a hurried visit to the several rooms of Mr. Bartlett, Miss Chisholm and Miss Donnan. Each of these rooms showed a marked proficiency in geography, arithmetic, and writing. More especially the scholars under the tution of the last named ladies We had the pleasure of hearing some good singing by Miss Chisholm's scholars, showing altogether that Miss Chisholm is a painstaking and valuable teacher. The scholars of Miss Donnan, most of whom are small children, show'd marked progress. Miss Donnan although a young teacher shows marked ability for imparting knowledge, and we have no doubt from what we have seen of her that if all goes well she will have a bright future before her as a school teacher.

The Liberal government of Great Britain which has been laboring under a tottering existence for some time past has at last succumbed to the inevitable and has become a thing of the past. Elected under somewhat of a misunderstanding as to how Gladstone was to pacify the belligerent and discontented Irish they rode into power but when that energetic statesman showed his hand in his Irish Home Rule bill the people of England and Scotland saw that if that measure was carried out there would be a disruption of the Empire, and in consequence the Liberal government lost its prestige and the confidence of the people. To get out of the difficulty Gladstone resigned, and Lord Rosebery took his place. Lord Rosebery, although a good honest statesman and under ordinary circumstances would have made an excellent Prime Minister, yet the load he had to carry in the shape of his Irish supporters and want of true cohesion among the different parties who profess to follow him, was too much for him to carry, so much so that he has at last been obliged to place his resignation into the hands of Her Majesty. It was high time, as the affairs of the Empire are now in somewhat of a muddle, and we are glad to see that Lord Salisbury has now taken the helm of state in his hands, and we have no doubt but that his master mind will soon evolve order out of chaos. It has been often said that the Liberals of Great Britain have a knack of getting the Empire into hot water in some shape or another and leaving the Conservative to get them out of the difficulty.

The Ontario Liberal association has been incorporated, with a capital of $200,000. The Opposition is evidently preparing for what George Brown called making a grand stand at the coming election.

French papers again say Russia will support France in her attitude in regard to the occupation of Egypt. This may lead to much letter writing, but not to much else, Great Britain is not Japan. John Bull knows how to hold on as well as how to grip.

Mr. Debs declares the time will come when the American Railroad union will make monuments of the despot's prisons. The despots in this case is the judges who sentenced and approved of Mr. Debs' punishment for lawbreaking. Mr. Debs is evidently a long-range prophecy.

Lord Rosebery has been speaking at Clerkenwell and telling his hearers that he intends retiring from the premiership it an early date. Fortune is dealing kindly, as usual, with her favorite. He is being endowed with the spirit of resignation just at the moment he needs it most.

Sir William Whiteway announced in the Newfoundland Legislature that the new loan was virtually placed and that the net rate of interest to be paid by the colony thereon would be 4½ per cent, The net rate of interest on Canada's last loan is 3½ per cent. Newfoundland, therefore, pays over 30 per cent. more than Canada for carrying her debt. Isolation comes high.

One of the things the future holds according to Lady Henry Somerset's long address at London, is woman suffrage, and another is a government department regulating athletics and amusements. Whoever breaks the regulations will, of course, be punished. We will need tremendous jails when the woman talker becomes the womann legislator.

Mr. Goldwin Smith is reported as giving his opinion that in the coming general elections the Government will win. Mr. Smith is not a political friend of the powers that be at Ottawa. He is, if anything, more of a Liberal than a Conservative. And he is a man who can think as well as talk. Therefore, there is a significance in the remark.

The Newfoundland cod fishery is reported the best for many years. Business is much improved and the depression is passing off. A surplus of revenue over expenditure is anticipated for the coming fiscal year. A thousand men are at work on the railroad, which it is expected will be finished to Port au Basque in 1896. The ancient colony is evidently in the commercial recovery procession with the rest of us.

If current newspaper accounts correctly represent the situation, those who missed the chance to capture Oklahoma lots at the time of the big rush were more favored of fortune than those who had their claims allowed. A good many of the latter are starving and collections for the relief are being raised in other states. Settlers who went to the Canadian Northwest at the time of the Oklahoma boom are presently admiring their finely grow-

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Lastfall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what, simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

DOMINION DAY.

Fair Canada, the brightest gem
In Britain's crown resplendent,
Send forth thy rays to light the earth
To make all good ascendent.

The atmosphere thy children breathe
Ne'er fel the lung of slavery,
Eternal freedom is their right
Achieved by acts of bravery.

For years her sons elected rule
Each province, till opinion
Burst in one thought of unity,
And formed this vast Dominion.

In eighteen hundred sixty-seven,
Without one stroke of battle,
This fair Dominion had its birth,
While cannon loul did rattle.

And still it grows in power and might,
Winning just admiration,
Advancing forward in their march,
Toward their destination.

At first in freedom, faith and trust,
In art and education,
In peace, in war—if needs it be—
For moral vindication.

At first to lift the fallen up
And better their relation,
Profecting them in future by
More righteous legislation.

That guard the home in happiness,
Nor sells for compensation,
A license to protect the wrong,
A school for dissapation.

A crime against morality,
An outrage on creation,
A traffic that can only live
On human degradation.

It snares the young in innocence,
Steals health and wealth and station;
Outlives all time, blots out all hope—
Eternal condemnation.

Endowed with climate aiding health
With minerals in abundance,
Our farmers gather from our soil
The best, and in redundance.

The maple with umbrageous arms
In welcome is extended,
A shelter where earth's weary sons
Find homes and are defended.

Canadians, prize the maple leaf,
Take in the inspiration,
And make this land in righteousness
Become the greatest nation.

That, joined as now to Britain's realm,
Or standing self-sufficient,
Our march shall ever onward be
Guarded by the Omniscient.

The arms of seven provinces—
Ere federation single—
From sea to sea one unity,
In this Dominion mingle.

A seven-fold cord that cannot break,
Lift high the jubilation
Both young and old, Hurra! hurra!
For Canada, our nation.

Mr. M.D. McLeod, Prince Edward Island, brother of the Messrs. McLeod of our town, came in Saturday evening on a visit to his relations here.

News has reached here of the death of Mrs. Wm. Stobart, at Pepper Arden Yorkshire, Eng. Thursday last, Alan McLean, youngest son of the late Bishop of Saskatchewan, was attending school, towards evening he was taken suddenly ill with inflammation of the bowels. A physician was called in who remained with him till late in the evening, when he was considered fairly out of danger and was getting along nicely till Saturday morning, when he took a sudden relapse to which the poor little fellow seccumbed. Alan was an exceedingly bright and affectiona te child and was a general favorite amongst his companions at school, who all feel deeply grieved at the sudden taking off of their little schoolmate. The funeral took place Sunday last to St. Mary's cemetery, where he was laid to rest beside the grave of his father who had gone before him some seven years ago Mrs. McLean, the sorrowing mother, has the sincere sympathy of the entire community in her sad bereavement.

Dominion Doings.

A new party, which may yet make a radical change in the government of the country, was formed at Toronto, under the title of, "The Canadian National Association." Some of its objects are the fostering of national sentiment, working for the removal of the present system of dual languages, and for the abolition of separate schools, and to disseminate information concerning Canada's mineral, agricultural, marine and lumbering industries. "Canada for Canadians" will be its motto.

He Robbed the Church.

Ald. Leclair caught Leon Gareau while in the act of stealing in the St. Jean Baptiste church, Montreal. Articles have been missed from the church on several occasions since last February. Gareau was sentenced to five years.

Heavy Damages Asked.

At San Francisco, three suits for damages aggregating $150,000 has been filed against the Pacific Mail Company, as a result of the loss of the steamer Colima. One suit will be brought by Chas. Thornton, whose wife was a passenger on the Colima. Another will be brought by Mrs. Thos. Gray, whose husband was in charge of the refrigerator room, and the third complaint is by Capt. C. C. Struckmann, whose mother was drowned. The complaints are prepared by Attorney Phillips. They charge that the cargo of the steamer was badly stored and the officers showed neglect in not giving the passengers warning of the danger so they could have taken measures to save their lives. It is charged that life preservers were not given the passengers and there were not enough life preservers on board to supply all those who needed them.

Robbers Escaped.

Word has been received from Rainy Lake City, Minn., the scene of the bank robbery, that a posse, headed by Deputy Sheriff James Ross, of Itasca county, has come up with the two men who are supposed to be the robbers, and a hot running fight followed on the north side of Crane Lake. After the exchange of a number of shots the men made their escape, striking out for Canada.

Celebrated Artist Called Away.

Mr. Henry Moore, the celebrated artist and member of the Royal Academy, died in London, aged 64. One of his principal paintings, "Clearness after rain," gained for him the Grand prix de Paris in 1889, and the decoration of Legion of Honors.

Carried out as Garbage.

A most remarkable escape from Meadville, Pa., jail has just leaked out. Goldan Phillips got into the garbage can early in the evening, allowed himself to be covered with potatoe parings and other garbage, remained in the can until the morning when he was carried out by two companions and dumped into a general garbage vat. He escaped and is still at large.

Peary Relief Expedition.

The steamship Portia, has left Brooklyn carrying members of the Greenland scientific expedition of 1895 to St. Johns, Newfoundland. They will sail thence from Greenland, July 1st. The expedition is under Emil Diebitsch, of Washington, Mrs. Pearcy's brother. The other members are Prof. R. D. Salsbury, of Chicago University; Theodore Sebouttiller, of Philadelphia, and Dr. John E. Walsh, of Washington. The party will try to reach Lieut. Peary and his party at Bowdoin Bay.

Canal Repaired.

Navigation has been resumed on the Cornwall Canal, after a delay of four days, caused by the complete wrecking of the gates of lock 17 by the steamer Ocean, and although one lock gate remains to be put in position, the work of locking vessels through is rapidly progressing.

THE MAPLE LEAF.

"Let older nations proudly praise the emblems of their fame,
That sounding down thro' ages long have won immortal name;
Let Britain, greatest of them all, loud praise her glorious three,
That like her sons are joined in one in Canada the Free,
"But there's another emblem yet, dear er to us than all,
That tells of happy hearts and homes and Freedom's joyous call;
And magic light—a beacon light—to myriads o'er the sea,
Our Emblem chief, the maple leaf, of Canada the Free.
"It breathes no tale of ancienn feuds, betrays no barren soil,
But welcomes to our grand old woods the honest sons of toil;
Gives equal rights and equal laws to all, whoe'er they be,
Our Emblem chief, the Maple Leaf, of Canada the Free.
"Then while we prize, with children's love, the Shamrock and the Rose,
The Thistle and the Fleur-de-Lis, forget not that there grows
Upon our broad and fertile soil a nobleforest tree,
With graceful leaf, the emblem chief of Canada the Free."

BY-LAW NO.

A By-law to exempt the Hudson's Bay Company's grist mill, elevator and warehouses in connection therewith from taxation.

Whereas a petition signed by one-half the resident ratepayers of the Town of Prince Albert has been presented to the Mayor and Council of said town asking that the Hudson's Bay Company's grist mill elevator and warehouses in connection therewith be exempt from taxation for the period of twenty years.

And whereas the exemption of said buildings from taxation will encourage said Company to erect all the same within the limits of the inner galley and will no doubt cause new buildings to be erected and thereby add to the amount to be raised annually by special rate for paying debt and interest.

And whereas the whole rateable property of the municipality according to the last revised assessment roll is $72,930 and the total existing debt of the municipality, $28,000 and it seems expedient to grant the prayer of said petition.

Therefore the mayor and council of the municipality of the Town of Prince Albert in council assembled enact as follows:

That from and after the passing of this by-law the two warehouses of the Hudson's Bay company situate upon the first mill site and the grist mill and elevator to be erected by them upon said site and to be completed and in operation on or before the first day of January, A.D. 1896 shall be exempt from and all taxation for municipal purposes for the period of twenty years. Provided that said grist mill shall have a capacity of at least one hundred barrels of flour per day of twenty-four hours, and keep it running as long as there is work for it to do. They also agree to keep an open market for wheat.

2. That a vote of the electors of the municipality entitled to vote on by-laws requiring the assent of the electors be taken Thursday the twenty-fifth day of July next and that a poll be opened at the Council Chamber, in the Town Hall, Prince Albert, at the hour of nine o'clock in the forenoon and remain until four o'clock in the afternoon of such day and that Joseph M. Coombs be the returning officer and Geo. F. Mills deputy returning officer to take such vote and said returning officer shall sum up the number of votes for and against said by-law at said Council Chamber immediately after the close of said poll.

3. That a copy of this by-law be published in the SASKATCHEWAN TIMES a newspaper published in the said municipality for two successive weeks one insertion each week the first of said publications to be on the second day of July and that a copy of this by-law be posted in four of the public places in the municipality.

TAKE NOTICE.

Take notice that the above is a true copy of a proposed by-law which will be taken into consideration by the council after being voted on by the electors, that the date of the first publication of said by-law is July 2nd, 1895, and that the 25th day of July 1895 from the hours of 9 a.m. to 4 p.m. at the council chamber in the town hall Prince Albert, is the time and place fixed for taking said vote.

JOSEPH M. COOMBS,
Town Clerk.

A boon to horsemen.—One bottle of English Spavin Lininiment completely removed a curb from my horse. I take pleasure in reccommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, soft or calloused lumps, blood spavin, splints, curbs, sweeny, stifles and sprains.

GEORGE ROBB, Farmer,

The "Rural Canadian" continues to be the most practical paper for the all round farmer to read. It has made a decided "hit" in securing the sole right for Canada of "The Farmer's New Guide," a well bound and handsomely illustrated volume of 778 pp., published at $2.50 and not sold at a lower price except in connection with the "Rural." Every farmer should have the Guide and "Rural." Both sent to any address on receipt of $2.50.

The greatest papers in Great Britain and the United States freely acknowledge the wonderful merit of the *Family Herald and Weekly Star*, Montreal. The *Family Herald* is a great newspaper and a great family paper, but it is more than that, it is one of the greatest authorities in the world on cheese, butter, general dairying, and general farming. How a progressive, up-to-date farmer can do without the *Family Herald and Weekly Star* of Montreal is hard, indeed, to understand.

The Manitoba Free Press in speaking of the Uxbridge Piano says: They are genuine works of art, and reflect the highest credit upon the firm which has produced them. The old style of upright pianos is thrown into the shade. The Uxbridge Piano has a continuous book rack which will be appreciated in the playing of duets; sitting down to the Piano the performer touches a lever and the keyboard is uncovered, and the hinges of the lid turn out of sight, and the instrument presents the same artistic appearance when open as when shut. The Organs manufactured by the Uxbridge company have been in use for over twenty years, and require no special description as they are so well-known and liked in the homes of the thousands over the whole world. However, the company is manufacturing a six Oct. Organ in Piano case which is having a wonderful sale. The Pianos made by the Uxbridge Piano Co. are a credit to Canadian enterprise, being equal in tone, durability and finish to the best American.

Belleville, January 4th, 1895.

"Dicks Blood Purifier" is the best of all the condition powders I ever used. It makes a horse thrive and feel well, improves his coat and keeps him perfectly clean in the legs, no matter how long he stands in the stable? I gave half of the first box to a gentleman who had a fine trotting stallion that had swollen in the legs, and had scratches from being out of condition, and in a few days his legs were perfectly clean, and the cracks healed rapidly.

JOHN JOHNSON.

Every business man ought to read "Dollars and Sense," a money making book by Nath'l C. Fowler, Jr., the leading expert on business and advertising. 18 chapters illustrated with 100 plates, presenting every style of effective advertising, with examples of reading notices, circulars and headlines. It tells the plain truth about advertisements and exposes ineffective methods. Any reader of THE TIMES who will send check, postal note or postage stamps to the value of twenty five cents to the Trade Company, Boston, Mass. will receive the book by prepaid mail.

The Canadian Magazine for June is exceedingly well illustrated, is rich in variety, and contains several remarkable articles of great interest and high literary quality. Perhaps the most valuable of these is Arthur Harvey's on Constantine's Battle Sign, which is explained as a Sun Dog in which all the letters of the Greek equivalent of "Hoc Signo Vinces" are to be found. The article is accompanied by colored plates of the Sun Dog. E. A. Meredith, L.L.D., deals in a scholarly manner with Mr. Gladstone's "Odes of Horace," and Thos. Hodgins, Q.C., with "University Representation in Parliament." Capt. C. F. Winter, of Ottawa, urges the immediate "Re-Armament of the Militia," and discusses the merits of various rifles. Most strange and charming are the "Phythagorean Francies" of H. Arthur, and curious are the medical ideas of over a century ago revealed in Dr. Susanna P. Boyle's description of "Mr. Stearns, His Herbal." Amongst the illustrated articles are, "Portland, Maine, and its Environs," by Robert E. Noble; "Yuba Dam Trout," by A. M. R. Gordon; and the second of a most interesting series of articles on "Rome Revisited" by C. R. W. Biggar, Q.C. The last is very copiously and beautifully illustrated. "A Stampede," by D. O. Lewis; "Point-Aux-Pins," an incident of the Lake Erie coast, by Jean Blewitt, and various contributions, make up a decidedly interesting number. The Canadian Magazine is published by the Ontario Publishing Co. Ltd., Toronto. $2.50 per annum. Single copies 25 cents.

Little Books.—Cotton Mather said that since he had given away many little books, God had given to him many great books. Great books have their value, but little books are far more important for common use; and while students may need the great books, the people need the little ones. Busy men and women have no time for long stories. All the books of the Bible, as written, were little books. Thousands of people who cannot read large volumes would gladly read brief pointed tracts and pamphlets. Persons interested in scattering "small books on great subjects," will do well to examine the different numbers of the Anti-Infidel Library, published by H. L. HASTINGS, 47 Cornhill, Boston. Most of them are 5 or 10 cents pamphlets, in readable type, but so packed with facts that they contain as much information as one would often find in a book costing a dollar. The circulation of some of these publications has been enormous, nearly sixty tons of a single one of these little tracts having been printed. We do not often see "third million" on the title of any publication, but persons who are curious can find it by sending five cents to H. L. HASTINGS, Boston Mass., for a copy of the pamphlet "Will the Old Book Stand?" or by sending twenty-five cents for an assorted package of his Anti-Infidel tracts.
